**AGENDA HIGHLIGHTS:**

"**PUMP UP YOUR FINANCIAL FITNESS**" is the theme for the seventh annual Women in Agriculture Conference. It will be an engaging, interactive day full of inspiration, learning and networking with other women farmers. The 2018 conference is a one-day event held simultaneously at locations throughout Washington, Alaska, Idaho, Montana and Oregon.

The day begins with learning how to use your "financial numbers" to establish a cash flow that includes your farm and personal living expenses and designed to strengthen your farm operation. The day continues with a panel of local women farmers who live in your area. They will talk about the different ways they balance their lives — with their top tips for handling finances and their personal lives. The final take-away message from the cap note speaker will be all about making it possible to do what you love the most!

Participants will have the opportunity to ask questions and interact. It will be a full day of learning and networking!

Whether you have been farming for several years or are a new or aspiring farmer, our conference has something for you. If you are a supporting spouse, student, intern or own an agriculture-related business, make plans to attend this event. There is something for everyone. If you have a farming partner, spouse or friend, bring them with you. Men are welcome too!
